TOWN WARRANT

The State of New Hampshire

To the Inhabitants of the Town of Gilford in the County of Belknap in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at Gilford Grade School in said Gilford on Tuesday, the 11th day of March, 1969, at 8 of the clock in the forenoon (Polls to be open from 8 a.m. to 6 p.m. at least) to act upon the following subjects:

Article 1. To choose all necessary Town Officers for the ensuing year.

Article 2. To see what action the Town will take on the following: "Do you favor adoption of the Town Manager Plan as provided in Chapter 37 of the Revised Statutes Annotated?" (by petition) (This question will appear on the official Town Ballot).

Article 3. Are you in favor of the adoption of Amendment No. 1 as proposed by the Planning Board for the Gilford Zoning Ordinance as follows:

I. **Mobile Home Parks**

Mobile Home Park is defined as a plot of ground on which twenty or more mobile homes as therein defined are located, and requirements for such park in order to create a pleasant and attractive atmosphere are established such as, that it have five acres; five thousand square feet of land for each established home; paved parking area; one thousand square feet of land for use in common for each home; buffer strips; utilities provided by Park owner; paved road-

ways constructed and maintained by Park owner to Gilford specifications, 20′ wide on 30′ right of way. The regulations apply to extensions of Parks beyond present or future approved limits. The Planning Board is designated to review plans for conformance. (This question will appear on the official Town Ballot.)

Article 4. Are you in favor of the adoption of Amendment No. II as proposed by the Planning Board for the Gilford Zoning Ordinance as follows:

II. **Apartments in Commercial Zones**

This amendment sets up requirements for apartment buildings as therein defined, with three or more apartment units and provides that the lot must have 200′ frontage, not less than thirty thousand square feet; two thousand five hundred square feet for each additional unit; buffer strips; paved off street parking; roads constructed by owner to Gilford specifications; water and sewer facilities provided by owner; height restriction of 35′ and prohibits apartment buildings within 100′ of public water. The Planning Board is designated to review plans for conformance. (This question will appear on the official Town Ballot.)

Article 5. Are you in favor of the adoption of Amendment No. III as proposed by the Planning Board for the Gilford Zoning Ordinance as follows:

III. **Apartments in Residential-Agricultural Zone by Special Permit**

This amendment provides procedure and requirements for obtaining a permit for an apartment building in Residential-Agricultural zone after public hearing by the Board of Adjustment on lots having 300′ frontage and one hundred sixty thou-

sand square feet with further requirements similar to those provided in proposed amendment II. This would be a special exception to the zoning ordinance. The Planning Board is designated to review plans or sketches for building, site and layout. (This question will appear on the Town official Ballot.)

Article 6. Are you in favor of the adoption of Amendment IV as proposed by the Planning Board for the Gilford Zoning Ordinance as follows:

IV. **Open Space Residential Area**

This amendment is designed to preserve and encourage open space through reservation of certain areas to be left in natural state or used for recreation and to be left free of buildings. It sets forth the requirements for obtaining a permit after public hearing by the Board of Adjustment for a subdivision with lots having frontage or dimensions less than ordinarily required but not less than 100′ frontage and fifteen thousand square feet where certain conditions are not such as: (1) at least twenty acres; (2) designed by professional civil engineer, registered architect or professional landscape architect; (3) adequate common water supply; (4) adequate sewage disposal system; (5) reservation or dedication of "common land" or green space for scenic or recreation purposes which abuts or is easily accessible to all dwelling units, equal in amount to the sum of the areas by which individual lots are reduced below the minimum normally required, and providing procedure for application for this special exception. These provisions would supersede the present provisions relating to a permit for subdivision with smaller lots. The Planning Board is given advisory powers with respect to such applications. (This question will appear on the official Town Ballot.)

Article 7. Are you in favor of the adoption of the amendment to the existing Town of Gilford Airport Zoning Regulations as requested by the New Hampshire Aeronautics Commission and proposed by the Gilford Planning Board as follows:

> In Section 1b strike out, "landing strip 5000′ " and insert therefor "landing strip 6300′ ".
>
> In Section 2 strike out "April 2, 1967" and insert therefor "January 9, 1967"?

Article 8. To see if the town will authorize the Board of Selectmen to hire a Town Engineer and to raise and appropriate funds for salary and equipment.

Article 9. To raise and appropriate such sums of money as may be necessary to defray Town charges for the ensuing year, including charges for: Town Officers' Salaries, Administrative Expense, Election and Registration, Property Mapping, Repair and Maintenance of Town Buildings, Social Security and Retirement Payments, White Pine Blister Rust Control, Dutch Elm Disease Control, Insurance, Planning Board Operation, Dog Damage, Legal Expense, Civil Defense, Lakes Region General Hospital, Health Officer and Expense, Mental Health, Town Dump, Street Lighting, Town Poor and Old Age Assistance, Memorial Day, Water Works, Cemeteries, Glendale Wharves & Parking Lot, Lakes Region Association, Interest on Temporary Loans, Interest on Long Term Notes and Bonds, Payment of Notes and Bonds, and Ambulance Service.

Article 10. To raise and appropriate such sum of money as may be necessary to cover Land Purchase Costs.

Article 11. To see what action the Town will take on an Old Home Day observance or celebration of Town's anniversary and to raise and appropriate funds for the same.

Article 12. To see what sum of money the Town will vote to raise and appropriate for the support of the Public Library.

Article 13. To see what sum of money the Town will vote to raise and appropriate for the maintenance of the Fire Department.

Article 14. To see what sum of money the Town will vote to raise and appropriate for the purchase of Fire Equipment.

Article 15. To see what sum of money the Town will vote to raise and appropriate for the operation of the Highway Department.

Article 16. To see if the Town will vote to raise and appropriate the sum of $7,900.00 for the purchase of the following: Truck (including trade) $6,700.00 and a sweeper attachment for the small tractor $1,200.00; $2,900.00 to be raised by current taxes and the balance by the issuance of two serial notes in the amount of $2,500.00 each, payable annually and to authorize the Selectmen to determine the terms and conditions upon which the notes shall be issued including their sale and the time and place of payment of principal and interest. (Requires a two-thirds vote by ballot.)

Article 17. To see what sum of money the Town will vote to raise and appropriate for new Highway Construction.

Article 18. To see if the Town will vote to raise and appropriate the sum of $1,087.31 for maintenance, construction, or reconstruction of Class V Highways.

Article 19. To see if the Town will vote to raise and appropriate the sum of $4,500.00 for the construction of a salt storage building.

Article 20. To see what sum of money the Town will vote to raise and appropriate for the purposes of the Police Department.

Article 21. To see what sum of money the Town will vote to raise and appropriate for the purchase of a snow vehicle and trailer for the use of the Police Department.

Article 22. To see if the Town will vote to increase the size of the Conservation Commission from five to seven members.

Article 23. To see what sum of money the Town will vote to raise and appropriate for Conservation Commission operational expenses.

Article 24. To see what sum of money the Town will vote to raise and appropriate for the maintenance of Gilford Beach, Parks and Playgrounds.

Article 25. To see what sum of money the Town will vote to raise and appropriate for Farmer Field improvements.

Article 26. To see if the Town will vote to participate in the Comprehensive Planning Assistance Program and to raise and appropriate the sum of Two Thousand Dollars ($2,000.00) for such purpose.

Article 27. To see if the Town will vote to raise and appropriate the sum of $37,500.00 for the purchase of the Stephen Jewett land at Glendale, the entire amount to be raised by the issuance of ten serial notes or bonds in the amount of $3,750.00 each, payable annually and to authorize the Selectmen to determine the terms and

conditions upon which the notes or bonds shall be issued including their sale and the time and place of payment of principal and interest. (Requires a two-thirds vote by ballot.)

Article 28. To see if the Town will vote to raise and appropriate the sum of $600.00 for the purpose of having the State audit the town books for the year 1969.

Article 29. To see if the Town will vote to authorize the Selectmen to hire money on the credit of the Town in anticipation of taxes.

Article 30. To see if the Town will vote to authorize the disposition of municipal records in accordance with the provisions of Chapter 105 of the Laws of 1967.

Article 31. To see if the Town will vote to authorize the Selectmen to sell and transfer tax liens upon all real estate acquired by the Town at any tax sale, and title to all real estate taken by the Town in default of redemption from any tax sale, to such persons and upon such conditions as they shall see fit.

Article 32. To see if the Town will vote to give the Selectmen authority to restrict the maximum size of boats to be launched at Glendale to 24 feet.

Article 33. To see what action the town will take on the following ordinance:

ORDINANCE REGULATING THE USE OF SNOW-TRAVELING VEHICLES IN THE TOWN OF GILFORD.

1. Definition. "Snow-traveling vehicle" shall mean any vehicle propelled by mechanical power that is designed to travel over ice or snow supported in part by skis, belts or cleats, or low pressure tires, used principally for recreational purposes.

2. No person shall operate a snow-traveling vehicle in the Town of Gilford, upon the main traveled portion or the plowed snow banks of any public way or sidewalk, except as permitted by RSA 262:54 (supp.).

3. No person shall operate a snow-traveling vehicle on the land of another person without first having obtained permission of the land owner.

4. No person shall operate a snow-traveling vehicle in the residential zone of the Town of Gilford between the hours of 10.00 p.m. and 7:00 a.m.; nor in the residential-agricultural, commercial or industrial zones between the hours of 11:00 p.m. and 7:00 a.m.

5. Any person who violates this ordinance shall be punished by a fine of ten dollars for each offense.

Article 34. To see if the Town will vote to abandon that portion of the Meadowbrook Lane lying between Old Lake Shore Road and Route 11. (By request.)

Article 35. To see if the Town will vote to abandon that section of Old Route 11 described as follows: All land formerly included in the old Route 11 right of way westerly of the Spencer/Fogg boundary and northerly of the new Route 11 right of way. (By request)

Article 36. To see if the Town will vote to accept and maintain Oxbow Lane a road off from Belknap Mt. Road in the Brake Hill Acres subdivision. (By petition)

Article 37. To transact any other business which may legally come before said meeting.

In accordance with a resolution adopted at the 1957 Town Meeting a motion will be presented to adjourn to the Gilford School in said Gilford on Wednesday, the 12th day of March, 1969 at 7:30 o'clock in the evening to take up articles 8 through 37.

Given under our hands and seal, this 24th day of February, in the year of our Lord nineteen hundred and sixty-nine.

Town Funds Expended	$98.80	
Cooperative Aid to Town	450.51	
Total Expenditures		$549.31
1968 Town Appropriation	$100.00	
Town Funds Expended	98.80	
Balance Due Town		$1.20
Area Worked		1610 acres
Currant and gooseberry bushes destroyed		475

SELECTMEN'S REPORT

The year 1968 has been a busy one for all town departments as individual reports of their activities, printed elsewhere in this book, will indicate. We do wish to call your attention to some of the changes which the town's growth has required and some of the anticipated changes for 1969.

During 1968 Mr. Horatio B. Tower, Jr. was appointed Deputy Tax Collector. In 1951 when Mr. Taylor became Tax Collector he was charged with collecting approximately $120,000.00, which included 596 poll taxes. There were no Head Taxes in existence at that time. In 1968 Mr. Taylor's warrant was for $831,787.81, plus 1,458 poll taxes, sewer taxes and an additional warrant of $9,115.00 for Head Taxes.

Increased volume in all phases of the work done in the Town Clerk's Office plus the new motor vehicle title law (which became effective in 1968) necessitated the services of Mrs. Emily Watson for the greater part of the year to assist the staff. We have recommended a forty-hour work week, and the addition of one more person on a full-time basis for this office, bringing the staff to four in addition to Mrs. Royce who is Town Clerk and Administrative Assistant to the Board of Selectmen. For the information of new residents and taxpayers, we wish to point out that the Town Clerk's Office is also the business office for the town. Here the bookkeeping is done, the appraising records processed, tax warrants prepared, property taxes figured, water bills for the village water system computed, and applications for building permits, sewer permits, lawn and driveway permits received and processed. Mimeographing is done for all town departments, boards and commissions. In addition to the registering of motor vehicles, issuing of dog

licenses and copies of records, the office serves as general information center for the town departments as well as for the general public.

The Town Appraiser, Mr. Wilfred H. St. Laurent, has had approximately 300 transfers of property during the year to process and analyze. Real estate values, as indicated by sales prices, continue their upward trend and this, coupled with new construction, means constant revision of office records. It also means innumerable visits to subdivision developments and construction sites, increased correspondence and many more hours spent in this area of town work. During 1969 the entire file of property appraisal records must be re-carded, involving many hours of painstaking clerical labor. This re-carding becomes necessary as cards prepared in 1961 or 1962, by the state appraisers, have had all available space used. More and more we are realizing the importance of Mr. St. Laurent's work and the necessity of maintaining current accurate records.

The Police Department under Chief Charles D. Reynolds and the Fire Department under Chief Sherman O. Thompson are being run efficiently and economically. Great pride is manifested in their work, equipment and headquarters. Both departments are constantly training their men to keep up with new methods and new equipment thus adding to their knowledge and increasing their efficiency and ability to serve the town. You will find their reports most interesting and enlightening.

The Highway Department under Road Agent Philip R. Bryant has accomplished much this past year. The Wild Acres Road, Breton Road and Hi-Vu Circle were completed with asphalting, dressing of slopes and seeding. Goodwin Road was constructed and completed and the bridge over Gunstock River replaced. Work was continued on Henderson Road, widening and rebuilding, and making it ready for asphalting in 1969. A new ap-

proach to Route 11B on the Kimball Road was constructed and is to be completed in 1969. Improvements were made to the Heights Road on Varney Point consisting of widening, improving and preparing for the completion in 1969. A bad corner was greatly improved by cutting back the bank at the corner of Skyline Drive and Morrill St. A large culvert was installed on the Swain Road which required widening, filling and asphalting the portion of the Swain Road in the area of the culvert. This has improved a very hazardous portion of this road. In addition to this construction work the general highway maintenance program has been carried on. Work was facilitated by the installation of radios in all trucks and the payloader with a base station at the highway headquarters. There are also two remotes — one at the Gilford Fire Station and the other at Police Headquarters. Constant communication with the work crew has decreased wasted time and made for more efficient use of men and equipment. Two new sanders were purchased and have aided greatly in the work of the department. In 1969 we propose trading one truck, purchase of a sweeper attachment for the small tractor and a salt storage building. The proposed location of this building in the rear of the Gilford Fire Station has been approved by the State Water Supply and Pollution Control Commission.

During 1968 David Lewis Road and Hazelnut Road were brought up to town standards and have been accepted by the Selectmen.

There has been increased activity on the part of the Planning Board, Recreation Commission and Conservation Commission. This coupled with the work of the other departments has pointed out the one area which needs attention — engineering. To this end the Selectmen are requesting that they be granted permission by the town to hire a Town Engineer. His duties will be generally as follows:

Make percolation tests and inspect installations of septic tank systems.

Assist Property Mapper and Appraiser in establishing lines, frontages, etc.

Investigate requests for street lights and signs and make recommendations to the Board of Selectmen.

Perambulate Town Lines.

After issuance of building permits, check to determine whether plans are followed as stated in applications regarding the location of buildings on lots.

Check signs for size and distance from other signs after permits have been issued for their erection.

Check to see that all construction adheres to any applicable codes.

Check to see that natural water courses are not obstructed.

Survey for road layouts, drainage, etc.

Interview property owners in regard to obtaining rights-of-way, cutting of trees, etc.

Consultant to the Police Department regarding street markings.

Responsible for the maintenance of town buildings.

Serve as engineering advisor to local Planning Board, offering limited drafting and "leg work" to the Board.

Check on undersized lots allowed by the Board of Adjustment in subdivisions to determine whether or not the conditions of the special exception or variance are being followed.

Responsible to the Selectmen for the operation of town-owned water works, to include construction, maintenance, and supervision of daily operations. Responsible for planning new construction and replacement programs.

Advise Selectmen on operation of dump and disposal of waste.

Work with the Recreation Commission to provide effective use of existing facilities and to promote long-range planning.

Prepare specifications for all contractual services and supplies as requested by the various departments.

We are suggesting a salary of $10,000.00 and anticipate the purchase of a vehicle for his use and possibly some equipment. We also wish to point out that ⅓ to ½ of his salary will be returned to the town in fees for services rendered. The need for this particular type of service is very great and we sincerely request your support when this article is voted on at town meeting.

The work in the Property Mapping department is progressing well. Mr. S. Gilbert Emilio is constantly mapping, doing research and gathering information for use by the appraiser, selectmen, Planning Board and the general public. More and more people are finding his office the answer to problems on boundaries, frontages, rights-of-way, etc. This past year Mr. Philip Hodgkins has been assisting on a part-time basis.

1968 saw the Town Hall, beach buildings and building at the dump painted. Re-roofing was done on the Glendale Fire Station and Town Hall and air conditioners were installed in some of the offices at the Town Hall. It is proposed to install air conditioners in the other offices in the Town Hall and also at the Gilford Fire Station in 1969. This year some use has been made of the old town barn on Potter Hill Road, and in 1969 it is proposed to recondition this building so that it can be used for storage of equipment and become of more value to the town.

The Memorial Day program was held on the evening of the 29th and was nearly rained out, but the Gilford Community Church opened its doors and the program, conducted by Selectman James Annis, was held there. Representatives from the American Legion, Veterans of Foreign Wars, Lakes Region World War I Barracks,

Boy Scouts, Girl Scouts, Cub Scouts and Sea Scouts participated in the program with Harold W. Gunn as principal speaker and William Taylor offering prayer. In recent years there has been quite a bit of interest expressed in this observance and we would welcome any comments or suggestions for future use in the Memorial Day observance.

Old Home Day was very successful. There was a big parade, awards were given out and the town's oldest resident, Clarence W. Dame, was pleased to accept the Boston Post cane. Square dancing and fireworks ended the day. An art competition to create a new town seal is being proposed as a part of the 1969 Old Home Day activity.

There has not been a state audit of the town books for twenty years and in accordance with good business practices, we are proposing an audit this coming year. The town has grown tremendously during this period and, as a larger town, we hope that the state may be able to suggest bookkeeping economies.

There have been numerous complaints about the operation of snow machines late, late at night and on private property without permission. The Selectmen, realizing the popularity of this new sport have tried to create an ordinance which would be satisfactory to snowmobilers and yet answer the needs of land owners and sleepers. We are empowered by law to enact such an ordinance, but felt it would be better to bring it before the town. The proposed ordinance has received favorable comment from both snowmobilers and people who had previously complained.

A joint ambulance service has been established in cooperation with the communities of Belmont and Laconia. Initially a study commission was created with members from the three communities. As a result of five months work the three communities entered into a five-year contract and engaged a private company to

furnish ambulance service. The Selectmen feel that this cooperation enables the Town of Gilford to enjoy ambulance service conforming to new federal standards at a lower cost than would have been otherwise possible.

In a similar manner Laconia and Gilford jointly commissioned a study of the airport development, and as a result have plans of proposed industrial and commercial development of the airport. These plans have been made in compliance with FAA requirements. A plan is available for observation at Town Hall and will be displayed at town meeting.

Disposal of refuse and garbage is an increasing problem for the whole area. In an attempt to find long term answers on an area level, a study committee has been created with members from Gilford, Belmont and Laconia. It is hoped that concrete proposals for presentation at next year's town meeting will result from their efforts.

The Selectmen are in favor of continued cooperative efforts with other communities provided that each community retains its identity.

REPORT OF THE TRUSTEES OF GILFORD PUBLIC LIBRARY

1968

Under Federal Title LV B, New Hampshire State Library received money to provide library services to the nearly blind and physically handicapped persons. As our share in this program, the Gilford Public Library has received from the state, twenty-five large type books. The selection of titles includes both new and old favorites.

The library building and flagpole were painted, last summer. Our two big trees in front of the building had to be cut down, also. The stumps were removed and two new trees, a flowering crab and a shade tree were planted. This was done in conjunction with the Belknap County Committee for the Keep America Beautiful Program, at very little cost to us. The local 4H Club has offered to plant another shade tree. We hope this will be possible in the spring.

The Gilford Library is growing. We need more space for books. Accordingly, we hope this year to remodel our basement to provide an attractive research and meeting room, where many of our reference books can be stored. Eventually, it might be possible to use this space for our youth section.

LIBRARIAN'S REPORT OF THE GILFORD PUBLIC LIBRARY

1968

In answer to many inquiries, yes, the town of Gilford does have it's own Public library. It is situated in the village across the street from the Village Store. The library hours are 2-6 p. m., with the exception of Tuesday and Wednesday, when we are open two extra hours. On Tuesday, until 8 p. m. and Wednesday morning from 9:30 to 11:30.

The staff has two members, Mrs. Ruth Pratt, Librarian, and Mrs. Dorothy Emilio, assistant. Another assistant was added, last summer. Mrs. Joan Edwards helps during vacations and other times when needed. Last fall, Mrs. Edwards and Mrs. Pratt attended one of the Library Technique courses offered at Plymouth State College. These courses are intended to aid the librarian in her work.

The librarian attended several out of town meetings and workshops in this area. Among the libraries visited were New Hampton, Bow, Pittsfield, Meredith and Laconia. These sessions covered the use of reference materials, censorship in the library and book reviews. On two of these trips, Mrs. Emilio and Mrs. Lindsay went along, also.

At the Old Home Day, in August, the library had open house while a book fair and art exhibit were held on the library lawn. This has been done, the last two summers along with the Gilford Community Church and a group of Lakes' Region artists.

Our circulation was up almost a 1000 books over last year. We feel this is due, in part, to the new families in the area and in part, to the improvements in our refer-

ence section. We have added another encyclopedia and are bringing our non-fiction collection more up to date. This has been reflected in the young people using the library for their school term papers. We also circulate about 35 national magazines. Most of these are kept 5 years back and are invaluable to the students in their research work.

The Concord District Bookmobile made 4 visits, again this year. This is a circulating collection with which we supplement our own collection. We borrowed over 2800 books, 811 books more than in 1967. We also borrow didectly from the State Library in Concord. Just a request to the librarian and you may borrow almost any book published.

All in all, this past year has been a busy one for the Gilford Public Library. Those of you who would like to use the library only have to come in and ask for a card. If you are a property owner or a resident of the town, there is no charge. If you are a visitor, there is a small fee involved. Welcome everyone!

Respectfully submitted,

RUTH S. PRATT, Librarian

REPORT OF THE RECREATION COMMISSION

I. THE VILLAGE FIELD

The major addition to the field this year was the construction and completion of the tennis courts. This project, in addition to the expansion of the parking facilities, was completed in August as stage II of the Town's matching fund program. This program is jointly financed by the Town of Gilford and the Federal Government through the Land and Water Conservation Commission. The Commissioners were extremely gratified by the constant use of these courts in the late Summer and Fall months and can foresee the installation of a lighting system in the future. Stage III, proposed for 1969, calls for construction of a multi-purpose court which will include facilities for basketball and ice skating, the relocation of a building from the beach area to serve as an administrative building and some plantings between the parking area and the residential area. We feel fortunate to have such a program and are grateful to all those who helped make it possible.

II. GILFORD BEACH

After a wet start, mother nature cooperated by giving us one of the finest Summers in a long time. The beach was full to capacity during July and August as a result of this. The capable staff of lifeguards conducted daily swimming lessons as well as maintaining the high level of safety standards we have become accustomed to. These young people, though not being able to satisfy everyone, must place the safety of everyone as the uppermost concern.

The snack bar facilities, operated for your convenience were fully tested by the large crowds. The increased variety of purchaseable items was well received and offered the young and old alike a greater selection of "Goodies." 1969 employment applications for all the beach positions are currently being accepted by the Commission.

Respectfully submitted,

The Gilford Recreation Commission

GILFORD PLANNING BOARD

Annual Report to the Town of Gilford

The Planning Board was established by the Town of Gilford in October 1960. At that time it was felt that the Board's primary tasks included preparing: a Zoning Ordinance, Subdivision Regulations, and a Building Code.

In September of 1962 the Town adopted the Gilford Zoning Ordinance. In 1964 this ordinance was amended to change some sign requirements and to reduce the lot size requirement in the Residential — Agricultural Zone from one acre to 30,000 sq. ft. In 1968 the Ordinance was again amended to include expanded provisions for the existing Industrial Zone. For the 1969 warrant the Planning Board has prepared four new amendments to the Zoning Ordinance for the consideration of the voters of the Town. The amendments deal with Mobile Home Parks, Apartments, and Open Space Residential Area. In accordance with the State regulations notice was given and two public hearings were held.

In January 1967 the Planning Board adopted Subdivision Regulations which govern the subdivision of land in the Town of Gilford. Since the regulations have been in force the Planning Board has reviewed many subdivision plans involving development within the Town.

The Board continues to study material for the purpose of drafting a proposal for a Building Code.

The first phase of the Comprehensive Plan, under the Housing and Urban Development 701 program, was begun in May 1968. Mr. John Atwood of Community Planning Services in Boston is the Planning Consultant doing this study. He has met monthly with the Board and has completed many of the basic studies required.

This initial phase, which is the development of a long-range plan for Gilford, will take eighteen months to complete. The Planning Board has asked the Town to appropriate its one-third share of the funds required for the second phase of the plan ($2,000). This phase is to be an implementation phase and would include, for instance, depth study of the Zoning Ordinance and how it relates to the Plan.

The Planning Board meets on the first and third Mondays of every month. The first monthly meeting is the regular meeting while the second one is spent with the planning consultant. The meetings are open and the Board would like to encourage the townspeople to either bring their planning related questions and comments to any meeting or contact any of the following members of the Gilford Planning Board.

REPORT OF OVERSEER OF PUBLIC WELFARE

During this past year we have again seen development and expansion of more substantial programs for the aged, the handicapped, and the young through State and Federal offices. Twenty-seven of our families, representing seventy-eight persons, have benefited from this as well as direct relief services. Twenty-two families briefly received financial assistance, and another eighteen families were advised and referred to more appropriate resource areas. Three families accepted donated clothing and food baskets from generous neighbors. Our thanks are extended especially to the wonderful families at the Pine Grove Trailer Park who have again this year, as in the past, very quietly and substantially offered help.

A larger number of families may now be eligible for surplus foods in that net take-home pay is considered as a base rather than the formerly used gross income. The County Welfare Office is very helpful and efficient in making these foods available. Again we might ask some of you to think more seriously about your blessings, to consider the possibility of sharing these with a little foster child.

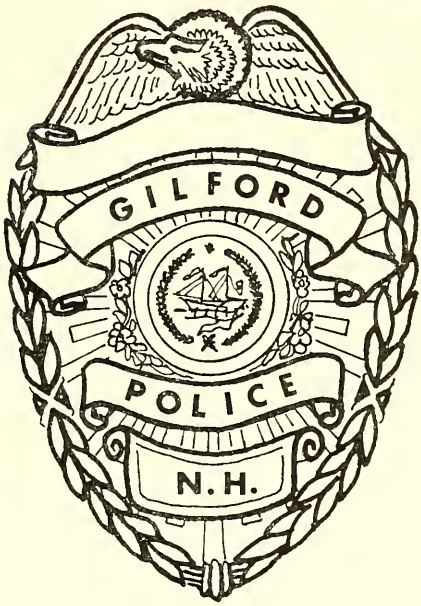
We note this year that substantial monies have been made available from our trust funds, and this has proved very helpful. Looking to next year, we might consider the need for sound social legislation and our participation toward that end, as well as the support of our many voluntary helping agencies locally.

Thank you.

WILLIAM M. CONNELLY
Overseer of Public Welfare

POLICE DEPARTMENT

GILFORD, NEW HAMPSHIRE



Annual Report 1968

In 1968, Gilford continued to expand rapidly resulting in additional responsibilities being placed on your police department in many areas including criminal activity and investigations, traffic law enforcement, and general service to the public.

This increased responsibility is most readily reflected in the overall calls for police service during the year which numbered 3,041. This is an increase of 631 calls over 1967 or 26 per cent.

Criminal activity and investigations of crime continued, as in the past, to demand a great deal of time. In

1968, some 414 criminal investigations were conducted involving $36,392.18 in stolen property, as well as various other types of criminal offenses. This is an increase of 102 offenses over 1967 and can be primarily attributed to expansion of business and recreation, and the number of people coming into the town to take advantage of these facilities. Additionally, a continuous investigation is underway in the problem area of drug use and abuse. These efforts resulted in fines, savings, and recoveries, amounting to $65,348.73 being returned to the taxpayers during the year.

Traffic law enforcement also continued to reflect a large portion of the department work load. In 1968 some 121 accidents were investigated, including two fatal accidents. This reflects an increase of 16 over 1967. In an effort to decrease this seemingly ever-increasing accident rate, the use of the department radar unit was intensified and was operated daily in various areas of the town. During the year 18,615 vehicles were checked by radar resulting in the issuance of 112 warnings and 73 summonses. Other motor vehicle offenses numbered 231. Also included in the traffic safety patrol, was the issuance of 183 defective equipment tags and 542 other warnings for motor vehicle violations.

In addition to these activities, general patrol of nearly 100 miles of streets, roads and highways continued to be a responsibility of your police department. In order to accomplish this, the cruisers traveled 111,763 miles. Officers also secured 318 doors on businesses, assisted 361 motorists, made 424 check-ups, issued 76 parking tags, checked 1,079 residences either regularly or periodically, and reported 214 lights on or off.

In order to perform all of these duties in an efficient manner, the department continued to be engaged in a continuous training program. Although a personnel turnover problem was experienced, new personnel were

immediately given training at the New Hampshire State Police Academy and the high department standard was maintained. Specialized courses in many areas including Firearms, Riot and Crowd Control, and Criminal Investigation were made available to various officers. Two officers were also enrolled in advanced programs of instruction at Gunstock Junior College.

We have this year, as in the past, endeavored to provide you with the type police department that you desire and deserve, but have only been able to realize this accomplishment through your support and assistance. For this we express our sincere thanks and appreciation, and we pledge that we will make every effort to be worthy of this support and assistance in the future.

Respectfully submitted,

CHARLES D. REYNOLDS
Chief of Police

REPORT OF THE GILFORD FIRE DEPARTMENT

1968

We were deeply saddened in the spring by the passing of our beloved friend and fire chief, Almond "Red" Watson. Among the many projects which Red worked hard for were: new apparatus and equipment, adequate pay for the permanent men, the Lily Pond Training Center, the Lakes Region Mutual Aid System, Strategic location of Dry Hydrants, continuous training for all Gilford Firefighters, and revision of the By-laws governing the Fire Department. A tribute to the smooth-running of the Department is the fact that our chief, Sherman Thompson is receiving the same cooperation from the men in our department as was given to Red Watson for so many years.

In addition to Chief Thompson, our other full-time firefighters are Deputy Chief Allan Whitney, Capt. Seely White, and Capt. Richard Ballou. These four men give us a highly competent team who are certainly an inspiration to the volunteers. As a result the morale of our department is very high and shows up in quicker and more efficient extinguishment of fires.

This year we received our new 1,500 gallon Capacity pumper-tanker which now gives us four trucks which are underwriter-approved. Adding our other tank truck, we now have a total of 4,250 gallons of water ready to move to a fire. A "4x4" surplus weapons carrier obtained from the state has been converted into a forest fire attack vehicle. This piece is now worth about $1,500 but only cost the town about $300 because several men in the Department have given of their time to put it in shape.

During Fire Prevention Week, the permanent men took part in a two-day educational program at Gilford

School. An effort was also made to inform adults of fire prevention techniques; the whole town was invited and about thirty came to a session held on two different nights at the village Fire Station.

Special improvements to our Fire Department Town Property this year included: resurfacing of the entrance ramp and parking apron, sealcoating the parking apron and a complete repainting of the inside of the village station; also preliminary work on a new entrance to the meeting hall at the Glendale Station. General improvements included updating the records and filing system in the chief's office, starting a small Library of books and periodicals on firefighting techniques, burning several rubbish piles and eyesores around town, preventive maintenance of fire apparatus, and a stepped-up effort in maintaining a clean attractive Fire Station.

One of our chief aims is to pay closer attention to inspection of buildings (especially those open to the public), and to do more fire pre-planning. Although inspection of private houses is not compulsory, department members will be happy to assist you with fire inspection of your home and will offer suggestions for improvements upon request. A new service which will soon become available and should be of special interest to commercial property owners is a multiflex alarm system. A monitor at the village station will immediately signal any trouble when connected with a fire detection device or sprinkler system at your building.

As our town grows we are faced with an increasing number of responsibilities due to more roads, more homes, and more commercial and industrial buildings causing different types of possible fire situations. We believe that as the town grows, our department must also grow.

We want to thank everyone for continuing to be fire conscious and for helping to maintain our low rate of

serious fires. Sometime when you have a few spare moments, drop into our Station for a visit and look over our equipment. We will welcome your suggestions as to how we may serve you even better in the future than we have in the past.

Our 1968 fire summary follows:

Dwellings — 15, Car — 9, F. O. B. — 2, Brush and Grass — 24, Chimney — 3, Misc. —17. We responded to Mutual Aid eleven times and received Mutual Aid three times.

Respectfully submitted,

SHERMAN THOMPSON,
Chief

FRED SHURBERT
ROBERT CLIFFORD
RONALD HOOK
Board of Fire Engineers

REPORT OF FOREST FIRE WARDEN AND DISTRICT CHIEF

With new homes and summer cottages located in woodlands and with abandoned fields and forests crowding the backyard of our village streets, it is necessary that everyone be aware all through the fire season, which comes with the disappearance of the snow, of the need to be careful with outdoor fires and fire sources.

The following action will help:

1. Teach our children the danger of lighted matches.
2. Never discard lighted smoking material from a car or while walking through fields or woods.
3. To safely dispose of rubbish preferably at the town dump. If you must burn you need a written permit from the town fire warden; and be sure to have equipment on hand to control the fire **before** you light the match.
4. Promptly report any fire out of control to your fire warden or fire department.

Help to keep our town out of the fire occurrence column and save your tax dollars for useful purposes.

Forest fire record for 1968:

	Number of Fires	Woodland acres burned
State	593	349
District	74	85
Town of Gilford	0	0

SCHOOL WARRANT

The State of New Hampshire

To the Inhabitants of the School district in the town of Gilford qualified to vote in district affairs:

You are hereby notified to meet at the Gilford Elementary School in said district on the thirteenth day of March 1969, at 8:00 o'clock in the afternoon, to act upon the following subjects:

1. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.

2. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.

3. To see what sum of money the district will vote to raise and appropriate for the support of schools, for the salaries of school district officers and agents and for the payment of statutory obligations of the district.

4. To see if the district will vote to raise and appropriate the sum of five thousand, two hundred-twenty-eight dollars ($5,228.00) to meet the cost of unanticipated expenses that may arise during the year. A detailed report of all expenditures from the contingency fund shall be made annually by the school board and published with their report.

5. To see if the district will vote to raise and appropriate the sum of three thousand dollars ($3,000.00) for the purpose of engaging the services of an architect and/

or others authorized by the school board to make surveys, prepare preliminary drawings and proposed plans and specifications for new school facilities.

6. To see if the district will authorize the school board to enter into a long-term contract — not to exceed five (5) years — with the Laconia School Board for the acceptance of Gilford secondary school pupils in the Laconia junior and senior high schools.

7. To transact any other business which may legally come before this meeting.

Given under our hands at said Gilford this twenty-first day of February 1969.

STATISTICS

Tuition Rates and Costs

The following table shows the tuition rates and totals paid since the pupils of Grade 7 and 8 were assigned to Laconia in September 1947, because of lack of classrooms in Gilford:

Year	Total Payments	Senior High Tuition Rate	Junior High Tuition Rate
1969-70 (Budget)	$249,246.00	$726.00	$640.00
1968-69 (Budget)	228,816.00	674.00	586.00
1967-68	194,207.55	619.00	549.00
1966-67	166,761.00	552.00	467.00
1965-66	164,890.36	596.00	471.00
1964-65	129,404.28	434.50	471.00
1963-64	104,679.49	426.00	395.50
1962-63	91,745.00	438.00	254.00
1961-62	73,644.62	378.00	314.00
1960-61	67,126.36	357.00	341.00
1959-60	67,678.89	404.00	339.00
1958-59	58,301.00	376.00	300.00
1957-58	50,908.76	350.00	315.00
1956-57	52,417.45	346.00	319.00
1955-56	38,775.23	321.00	292.00
1954-55	31,102.83	320.00	280.00
1953-54	27,633.47	305.00	265.00
1952-53	25,837.75	285.00	238.00
1951-52	21,781.14	262.00	233.00
1950-51	17,872.48	245.00	205.00
1949-50	15,176.65	295.00	125.00
1948-49	11,367.00	150.00	110.00
1947-48	9,133.43	125.00	100.00

Total Salary of Teacher Consultant was $8,800.00
Divided as follows:

Laconia — $4,743.36 Gilford — $1,071.77
Gilmanton — $284.87 State of N. H. — $2,700.00

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To The Members of the School Board, Parents and Voters:

Following is my third report to you as your Superintendent of Schools. The information contained herein deserves the thoughtful consideration of the citizens of Gilford.

Administration:

On July 1st, Mr. Alexander Blastos assumed his duties as Principal of the Gilford Elementary School replacing Mr. Gene Stearns who left to study for his Doctor's Degree at Ball State University. An innovation introduced by Mr. Blastos was that of a new plan of class organization known as "Levels of Learning". There are seventeen in all starting in the 1st grade and ending in the 6th grade — three for each grade except the 6th grade which has two. Mr. Blastos feels that this allows for more individualized instruction, that this plan narrows down the range of ability and creates more incentive to achieve. This plan requires that all teachers teach reading at the same hour. It also requires that all teachers teach mathematics during the same period of the day. Parents and those interested should avail themselves of the opportunity to visit the school during school hours to see this new program in operation and have the Principal, Mr. Blastos, explain the purposes and advantages of this innovation.

ENROLLMENT:

Enrollment this year has increased by approximately 26 pupils over that of last year. The increase is quite evenly distributed throughout all the grades with some classes averaging as high as 28 in number. As indicated

in my report last year Gilford will be in need of additional space in the very near future if the enrollment continues to increase as in the past two or three years.

Building Committee:

While the Building Committee has not been active, it is anticipated that they will soon become involved in discussing the advisability of additional construction and what form it should take. Jason Boynton, Professor at the University of New Hampshire and Executive Secretary of the New Hampshire School Board's Association, with his committee have submitted a report to the Gilford School Board with a number of possibilities concerning additional school space. The School Board will soon be meeting with members of the Building Committee to discuss this report and to seek advice.

Additional Staff:

The employment of a part time librarian has meant that more pupils had the opportunity to visit the library and avail themselves of more books than ever before. It has also pointed out the need for a full time librarian for another year if the library is to function properly not only as a library but as a media center. The addition of a part time improvement in reading teacher has been of great value in assisting those with ability to learn but have not achieved as they should. The recent employment of a remedial teacher of Speech should fulfill a long felt need in this area. Some boys and girls with speech defects should benefit as a result. It is hoped next year that a remedial speech teacher may be hired to serve the school one day each week through the entire year.

Maintenance:

Acoustical tiles were added to the ceilings in the orignal part of the building. This has helped to reduce the

sounds in the corridors and in some of the classrooms. The original stage which is off the present library was converted into an audio visual room and teacher's resource center. Because of an additional fifth grade class, the music room has been converted into an academic classroom. The usual painting and cleaning was done during the summer months as in the past.

Teacher Salaries:

The adoption of an approved salary scale for teachers by the School Board should place Gilford in a competitive position to attract superior teachers. This scale should be reviewed before another year inasmuch as the rate and maximum are still inadequate.

Physical Education:

A number of Gilford residents at the budget hearing, indicated a need for a formal Physical Education Program in the Gilford School. This is an area that has been neglected and it is expected that immediate action will be taken by the School Board to recommend the hiring of a full time Physical Education instructor for next year. Such a person will be helpful in the teaching of health education as well as physical fitness. It will mean that all grades will have at least one full period of physical education starting next September per week.

I wish to express my appreciation for the fine cooperation of the Gilford School Board members, namely; Mrs. Esther Nighswander, Chairman, Mr. John O. Richards and Dr. Leo B. Sanfacon. I also wish to thank the School Principal, Mr. Alexander Blastos as well as the teachers for their cooperation and patience in the adopting of a new school program. The services of the cafeteria workers, the custodians and the school nurse as well as Mr. Fred Shurbert are greatly appreciated. The Gilford School Board and the parents want a superior school. They appreciate the value of good instruction and want

the best for the boys and girls of the community. Every effort will be made to obtain the best possible teachers when additions or replacements are necessary and to use all means available to assist the present teaching staff to do the best job possible in training our young people to enter the secondary phase of their education.

Respectfully submitted,

VICTOR H. BOWEN
Superintendent of Schools
